

# Learning Opportunities Summer Newsletter

## July 2018

As usual, the summer term has been full of fantastic events, activities and learning. Students have had the opportunity to complete their GCSE exams whilst still having time to go gliding, complete a week of outdoor activities, undertake numerous educational visits, complete college courses and successfully transition into next year's class groups ready for September.

Some of our older students have been preparing for life after Learning Opportunities having successfully applied to start college courses in September. They have been developing their independence skills and are now fully prepared for the next step in their education. We wish them all the best for the future and hope

to see them at the Christmas Craft Fair in November.

Coasteering

Ready for Take Off

Aside from all the fun events, as you know we were fortunate to have a visit from Ofsted in June. We will be using the findings in the report to continue to develop the school and ensure we are providing the best possible opportunities for all the students. We are very grateful for the support from all parents and carers and for your positive feedback.

Your support in ensuring students attend each day, in uniform and ready to learn is appreciated and very important in them making progress.

If you have any ideas or would like to discuss any aspects of school life, please contact us at the school at any time.

Have a fantastic summer, we look forward to seeing students again in September.

Sports Day

## Term dates

Dates for next year can be found on our website

[www.learningopps.org](http://www.learningopps.org)

Students return to school on Wednesday 5th

September 2018
